Note: The screen shots in this User Guide were made in the test environment. The web address listed on each screen shot is not the one you will use. "1011" appears in the county name only in the test environment and will not show when you use MAFPlan.

Special thanks to Yancey County for allowing us to use to use them as the example in this User Guide.

New Items:

1. New Website address: http://maf.ad.unc.edu/mafplan_1011/Login.apsx
2. New Committee Member: Public School Exceptional Program Representative
3. Missing Fields - Missing Developmental Screening - Changes have been made to Developmental Screening options. (See pages 61), Several new types and versions of screening tools have been included in the drop down list in MAFPlan. Therefore, all contracts will need to review the list and "re-select" a Screening for each classroom for the 10-11 school year.
4. Teacher Placement - Teachers granted an exception for the 09-10 school year along with Long-term Substitute teachers will appear at the bottom of the Teacher Placement screen. Follow prompts on the Teacher Placement screen to update their credentials with a Change Request which will require approval from OEL.
5. Race/Ethnicity Question: In accordance with Federal regulations, 2 questions regarding Race and Ethnicity have been added to MAFPlan for all Administrators, Principals and all MAF teachers. The questions are required and are an automatic update. If guidance is needed to answer the questions, please see this DPI website:
<http://www.ncpublicschools.org/data/management/race-ethnicity/>

Important Notes:

1. From Date/To Date/Number of slots entered for each classroom in MAFPlan should represent the ten months of service the Contractor chooses to request reimbursement (actual service dates may be greater).
2. The ten months of service are automatically set for August to May in MAFPlan; therefore, Contractors must contact the State Office to change their ten months of service for reimbursement requests prior to the billing process.
3. A site or classroom can only be deactivated if it has not served MAF children.
4. You can only remove a site with no classrooms. You can only deactivate a classroom with no slots in it. Exit Teachers first.
5. If a site/classroom has served More at Four children at any time during the school year, it should not be removed from the Plan.
6. Add Teacher Change Requests must be submitted at the same time Add Classroom Change Requests are submitted. If the teacher for the new classroom will be moved from another classroom include that information in the Add Classroom Change Request New Comment section.
7. To change Teacher Type (lead or assistant) use Change Teacher Type/Credential Change Request.
8. If the Teacher did not work in the classroom this year, use the same exit date as the entry date.
9. Telephone number format is (xxx) xxx-xxxx. Fax number format is (xxx) xxx-xxxx.
10. If you click on the calendar icon to select a date and the calendar does not appear on your screen, check your Task Bar at the bottom of your screen. The calendar may be hidden behind the page on which you are working. By clicking on its entry on the Task Bar, the calendar will be brought to the forefront.
11. Regardless of date entered on the classroom slot change, the change will be effective the first day of that month.

Beginning Of Year Teacher Placement

Use this page to confirm, move or exit the teachers for the beginning of the year. You will need to confirm, move, or exit each teacher listed below.

1. You must first enter the race and ethnicity of a teacher.
2. To confirm that a teacher is remaining in the same classroom as last year, enter their start date and select 'Confirm Classroom'. When you save this screen, they will be taken off of this initial placement screen.
3. To confirm that a teacher has left the program, select 'Did not return'. When you save the screen, they will be removed from the contract.
4. To move a teacher, select 'Move to new classroom'. You will be taken to a new screen where you can select the new site and classroom for that teacher, and add their start date.
5. If you are unsure of the status for a specific teacher, leave the teacher at 'No Action' until you can confirm the disposition of that teacher.

☒ Also show teachers who were marked as Did Not Return.

It is not necessary to complete Race/Ethnicity if a teacher is not returning. Select Did not Return from the drop down list and when the screen is saved, the teacher will be removed from the screen.

There are two ways to generate a Budget Change Request:

1. System-initiated - generated from Add Classroom change request or Classroom Slots change request.
2. User-initiated - generated by user to change Estimated Other Resources.

The budget change request shown here is system-initiated. Both types of Budget Change Request need to be submitted.

In most cases a system-initiated budget change request helps you verify that your changes are budget neutral. Note that MAF Slot Allocation equals Number of Slots Requested for County and that Total Operating Funds equal Total Operating Funds Allocated.

You can SUBMIT from this screen or the CR List (see page 48).

Scroll down to enter Effective Date and any relevant comments. Then SAVE.

You can have only one unapproved Budget Change at a time. Any unapproved Budget Change Request will automatically update to show new changes (even if Budget Change Request has been submitted).
